

SUMMARY

Software Engineering enthusiast with hands-on experience in full-stack development, API design, database systems, embedded projects, and algorithms. Adept at building performant applications using modern tools and technologies. Demonstrated ability to learn quickly, optimize systems, and deliver clean, maintainable code. Seeking to contribute to innovative engineering teams and scalable product development.

EDUCATION

Degree	Institute	Score	Year
B.Tech	Amrita Vishwa Vidyapeetham, Coimbatore	7.34/10.0	2023-Present
Intermediate	Fiitjee Junior College	96.9%	2023
Secondary	Fiitjee International School	10.0/10.0	2021

PROJECTS

- ShopsBuzz – Online Shopping Website

Node.js, Express.js, MongoDB, Razorpay API

Link

– Developed the backend architecture using Node.js to manage core application logic and enable smooth interaction with the frontend.

– Integrated Razorpay Payment Gateway to provide secure and reliable payment processing.

– Implemented APIs for authentication, product management, and order workflows.
- Maze Pathfinding System using A* Search and Fibonacci Heap

Python

Github

– Engineered a Python-based maze generator and A* pathfinding engine, achieving 100% path accuracy across dynamically generated grids up to 1,200+ cells.

– Developed a custom Fibonacci Heap for priority-queue optimization, resulting in 30–40% faster frontier operations compared to standard binary heap structures.
- Smart Irrigation System (STM32)

STM32F103C8T6, Embedded C, Soil Moisture Sensor

Github

– Designed an automated irrigation system that monitors soil moisture levels in real-time.

– Implemented threshold-based pump activation logic to reduce unnecessary water usage.

SKILLS

- Area Of Interest:

Software Development, AI/ML, Mobile App Development, Embedded Systems
- Languages and Frameworks:

C, Java, Python, MySQL, HTML, CSS, JavaScript, NodeJS, ExpressJS, ReactJS, Flutter, Dart, Firebase
- Operating Systems & Tools:

Windows, Linux, Git/GitHub, Webots, Keil uVision (STM32), VS Code, Wireshark
- Non Technical:

Organization, Financial Analysis, Time Management, Problem Solving

LICENSES & CERTIFICATION

- AWS Academy Graduate - Cloud Foundations,View Certificate
- Data Science for Engineers,View Certificate
- Adobe Hackathon 2025,View Certificate

EXTRACURRICULARS

- Student Volunteer – National Service Scheme (NSS)

– Contributed to campus-level community service including event coordination, environmental awareness programs, and volunteer support activities.
